## Waste 2 Resources Program Overview of Rule Development Activities\*

| Rule                  | Title   | Most Recent Update                   | Start Revision*     | End<br>Revision* | Current Phase                   |
|-----------------------|---|--------------------------------------|---------------------|------------------|---------------------------------|
| Chapter 173-304       | Minimum Functional Standards for Solid Waste Handling   | October 4, 1988<br>(Filing Date)     | No Start Date       | Not<br>Projected | No Start Date or<br>Not Planned |
| This previous version | on of state solid waste rules was largely replaced by Chapte  | ers 173-350 WAC – Solid Was          | te Handling Stando  | ards , and Ch    | apter 173-351 WA                |
|                       | oal Solid Waste Landfills . The rule remains on the books as  | it applies to landfills that clo     | sed under the 304   | rule, before     | 350 and 351 came                |
|                       | considering repealing portions that no longer apply.  |                                      |                     | _                | _                               |
| Chapter 173-308       | Biosolids Management  | June 24, 2007                        | Sep-2015            | Oct-2017         | Not Started                     |
| comment, and app      | s in need of updating. Ecology has latitude to implement aceal). Universal changes in permit requirements should becom. Revising this rule will be a major undertaking and is <i>ten</i>      | come rule elements. There ar         | re additional chang |                  | _                               |
| Permit / NA           | Statewide General Permit for Biosolids Management   | August 20, 2015<br>(Expiration Date) | Jul-2014            | Aug-2015         | Development                     |
| •                     | eral permit needs to be revised and ready to implement wing more on the content of the rule.  | th the expiration of the curre       | nt permit. Staff ar | e trying to re   | educe the volume of             |
| Chapter 173-312       | Coordinated Prevention Grants   | March 22, 2002                       | Apr-2015            | Mar-2017         | Not Started                     |
| We will revise the ย  | grant cycle from calendar to fiscal years, to reflect current p   | oractice. This may qualify for       | the expedited rule  | making pro       | cess.                           |
| Chapter 173-330       | Used Automotive Oil Recycling Sign Requirements for<br>Automotive Oil Sellers   | July 19, 1984<br>(Filing date)       | Oct-2013            | Mar-2015         | CR-105                          |
| but remained on th    | cory authority for this rule was replaced with new laws very<br>ne books. We have proposed to repeal the rule using the e<br>e the conventional rule making process, including convenir<br>5. | xpedited process. A citizen o        | bjected to use of t | he expedited     | d process, likely               |
| Chapter 173-331       | Vehicle Battery Recycling   | March 14, 1991                       | Dec-2014            | Dec-2015         | Authorization                   |
|                       | <ul> <li>L         everal unused or unworkable provisions. We believe this r         readily support elimination of the ineffective \$15.00 licen</li> </ul>                                  | , -                                  | •                   | • .              | process. We think               |
| Chapter 173-333       | Persistent Bioaccumulative Toxins   | February 13, 2006                    | Feb-2015            | Mar-2017         | Not Started                     |
|                       | the PBT Rule to update the list of chemicals and streamline ue. We need to revise the rule regardless of the Governor   |                                      |                     |                  |                                 |

| Chapter 173-334   | <u>Children's Safe Products - Reporting Rule</u>  | November 22, 2013  | Jan-2017  | Feb-2019   | Not Started  |
|---|---|--|---|--|--|
| This rule was recen   | I<br>tly revised and has a placeholder on our schedule for 2017.  |  |   |  |  |
| Chapter 173-345   | Recyclable Materials - Transporter and Facility Requirements  | May 23, 2009   | No Start Date   | Not<br>Projected   | No Start Date or<br>Not Planned  |
| We are exploring p  | ossibilities for better implementation, and possibly revising t   | he rule or combining it wit  | h Chapter 173-350   | WAC.   |  |
| Chapter 173-350   | Solid Waste Handling Standards  | April 25, 2013   | Sep-2013  | Nov-2016   | CR-101   |
| Staff leads have bee  | en assigned to sections of the rule, and numerous work grou   | ps have been or will be for  | med to explore po   | ssible revisio   | ns. We have revise   |
| our web pages to m  | nake it easier to find information, including minutes of past r   | neetings and upcoming me   | etings. An update   | to interested  | stakeholders will l  |
| out before the end  | of the year.  |  |   |  |  |
| Chapter 173-351   | Criteria for Municipal Solid Waste Landfills  | December 9, 2012   | No Start Date   | Not  | No Start Date or   |
|   |   |  |   | Projected  | Not Planned  |
| n order to acquire  | full approval of our MSW permit program from US EPA, we v   | will need to revise this rule  | to include two pol  | lutants requi  | red during   |
| scacement monito  | ring. We believe this rule may be a good candidate for a neg  | gotiated rule making proces  | ss. We think stake  | holders will s   | upport this revisio  |
| issessifient monito   | ing. We believe this rate may be a good candidate for a neg   | 3  |   |  |  |
